

TUBULAR KITCHEN LAMPS

Product Features:

Main AC voltage, no transformer required for operation, Dimmable, Good color rendering(Ra=100), Constant lighting output, Double coil filament design up to 10% more light than general lamp. Easy installation, , Long service life, Safely, stability & reliability under EN60432 compliance

Primary Application:

Kitchen lighting, cupboard etc

Model no.	Voltage (VAC)	Watt (W)	Dimens DXL(MM)	Lumen (lm±25%)	AV.LIFE (HRS)	Base	Bulb Finished
175-1201	120V~130V	10	T20x135	90	>3000	E17	Clear
175-1202	120V~130V	20	T20x135	150	>3000	E17	Clear
175-1203	120V~130V	25	T20x135	210	>1500	E17	Clear
175-1204	120V~130V	40	T20x135	380	>1500	E17	Clear
275-235	220V~240V	20	T30x100	150	>3000	E27	Clear
275-236	220V~240V	25	T30x100	210	>1500	E27	Clear
275-237	220V~240V	40	T30x100	380	>1500	E27	Clear

Remark: Optional B22 , Standard Aluminum base can be change to copper for outdoor use or other purpose upon request,
Universal burning position, Color temperature up to 2700K
